

### Getting to know... **CENTRAL/EASTERN EUROPE & EURASIA**

✦ Prior to 1991, ALBANIA had only 3,000 cars for a population of three million. The reason? Private cars were illegal under the current political rule at that time.

✦ The country of CROATIA has spectacular natural resources: waterfalls, forests, mountains, and a dazzling coastline along the Adriatic Sea. It also boasts seven UNESCO World Heritage sites.

✦ At over 2,600 years old, Europe's oldest currency was the *drachma*, originating from GREECE. It was finally replaced with the Euro as recently as 2002.

✦ KYRGYZSTAN is a rugged Central Asian country along the famed Silk Road. The Tian Shan Mountains cover almost 80 percent of it, giving it the name "Switzerland of Central Asia".

### UPDATE ON PROJECT #621: Chariots For Hope

**Equipment:** Toyota Land Cruiser Prado

Last fall, MPF celebrated 50 years of ministry at its annual banquet. Donations were used to complete a car project for **Paul Mwaniki**, National Director of Chariots For Hope. Paul is the supervisor for each manager at the six children's homes and two baby homes located throughout southern Kenya.

The homes currently provide a safe haven for **more than 800 children**. To look after the needs of so many, almost one hundred staff members serve the homes in various capacities. For example, each home has a home manager (aka “dad” or “mom”) who has overall responsibility for the children in their care. You will also find assistant managers, dorm moms and nursemaids,

cooks, groundskeepers, and security guards looking after the children's safety and well-being.

The following paragraph is part of a report from **Andelyn Robb**, U.S. Director with Chariots for Hope, who recently visited Paul in Kenya:

*“I just returned from several weeks in Kenya and had the pleasure of spending a good deal of time with our National Director, Paul, riding around in the **new vehicle** your ministry gifted to us last fall.*

*As we were navigating rough roads (and when I say rough, picture driving through a field complete with **large rocks and gullies formed from excessive rain**) to get our team members to our children's home, Paul mentioned several times what a blessing the new vehicle has been... A vehicle may sound simple, but know that your gift to our ministry has **significant impacts on the work we do.**”*

Below is a sincere word of thanks from **Paul** to our faithful supporters who helped contribute towards this project:

*“**The joy I have cannot be measured.** I thank the Lord for making this happen. I want to appreciate all who played [a] role in this. Kindly pass my heartfelt appreciation to [Mission Projects Fellowship].”*

A runner in a bright yellow shirt and black shorts is running on a dirt path that winds through a hilly, grassy landscape. The runner is seen from behind, moving away from the camera. The background shows rolling hills and a clear sky.

Everyone who competes in the games goes into strict training. They do it to get a crown that will not last, but we do it to get a crown **that will last forever.**

## BCM INTERNATIONAL

BCM International has planted over 1,000 churches in the country of India. They are now experiencing incredible ministry among young people on the island nation of Sri Lanka. In order to reach more people with the Gospel, BCM is in need of **20 bicycles** (\$120 each) for pastors in India and **4 motorbikes** (\$1,900 each) for pastors in Sri Lanka. This will increase their ability to visit congregations and plant new churches and also provide a safer, more efficient means of travel.

## OPEN AIR CAMPAIGNERS

Open Air Campaigners has planted a church in the city of Progradec, Albania, a country where less than one percent of its people know Christ. The church is in need of a **sound system** for Sunday services, children's meetings, summer outreach camps, outdoor baptism services, and evangelistic festivals. [www.oacusa.org](http://www.oacusa.org)

**Equipment needs:** sound mixer, keyboard & stand, 3 speakers with stands, 2 monitors, 6 microphone stands, 4 music stands, and cables for instruments, speakers, and monitors

Project Cost: \$10,000

ALBANIA

## #636 CHILD EVANGELISM FELLOWSHIP

A missionary couple working through CEF has an extensive ministry in the Arad area of western Romania. They currently work with 70 volunteers each month to reach thousands of children with the Gospel. They also train volunteers to work in 49 weekly *Good News Clubs*.

They need a reliable **ministry car** that will enable them to continue their work more effectively.

## LIVING HOPE GLOBAL MINISTRIES

Living Hope Global Ministries is serving in the country of Honduras through evangelization, orphan care, medical outreach, and spiritual/pastoral training. They are presently renovating a building they call *The Hope Center* that will house short term missions teams and pastors that attend leadership training. ## #638 THE MAILBOX CLUB

Damaris, the director of TMC in East Africa, and her helpers disciple children throughout Kenya and its neighboring countries.

Damaris travels long distances using public transportation to supervise and transport teaching materials. This has become an expensive, burdensome, and inefficient way to travel. A **ministry vehicle** would be a great blessing to this organization!

**Equipment need:**

2011 Toyota Raum

## #639 CLC MINISTRIES INT'L

Over the years, it has become increasingly difficult for CLC Ministries to import materials into Venezuela to support their ministry. The number of books imported into the country has declined from 70,000 to just 10,000 in 2015. Sadly, they have been unable to import ANY books since then.

A **Print-on-Demand System** will enable them to print requested books at the lowest possible cost, making Christian literature available to all.

## #640 RISHAMA INTERNATIONAL

Rishama Int'l is building an orphanage which, once completed, will include a full-time school. Most of the children they work with through summer camps and other outreaches are in great need of parental care, food, clothing, shelter, and schooling.

This project is for the **material costs of completing the roof** on the Administrative Building and Dormitory.
