

Getting to know...

THE MIDDLE EAST, WESTERN EUROPE & SOUTH PACIFIC NATIONS

→ People living in **EGYPT** can experience diverse weather hazards such as droughts, earthquakes, flash floods, landslides, windstorms (called *khamsins*), dust storms, and sand storms.

→ The first magazine ever created was launched in 1663 in the country of **GERMANY**.

→ The women of **IRAN** have woven beautiful rugs for over 2,500 years. One rug can take months or even years to complete, depending on its size. The country's second largest export, after oil, is Persian carpets.

→ **JORDAN** has a long history of accepting refugees into their country. Situated in the midst of turmoil, Jordan has an estimated 2 million Palestinian and 1.4 million Syrian refugees residing within their borders. This represents over a third of its total population.

→ The nation of **TONGA**, scattered over a vast ocean of about 270,000 square miles, is an archipelago made up of 169 islands, of which only 36 are inhabited.

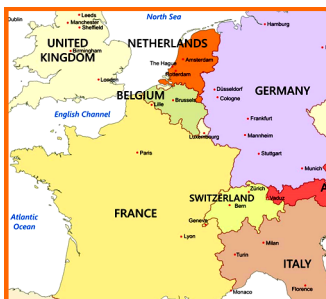

→ Falcons are very special birds in the **UNITED ARAB EMIRATES**. They hold a place of pride in the country's history, helping local Bedouins hunt in the desert. There is even a falcon hospital in Abu Dhabi which examines and treats over 11,000 falcons each year!

MPF has completed projects in these 18 countries:

Egypt
Iran
Israel
Jordan
Lebanon
Saudi Arabia
Syria
Turkey
United Arab Emirates

Belgium
France
Germany
Ireland
Italy
Spain
United Kingdom

Australia Papua New Guinea
Tonga Islands

Examples of Equipment Provided for These Regions:

A/C Units

Airplane Cargo Pod

Audio Players & Flash

Drives

Computers

Fax Machine

Hospital Equipment

Library Books

Phone System

Photocopiers

Printing Press Rollers

School Desks

Security System

Sound Equipment

Studio Lighting Equipment

Vehicles

Video Camera

Water Pump & Pipes

Water Tanks

"Presenting our Gifts so Missionaries can Present the Gospel"

Providing Basic Items for Everyday Living

UPDATE ON PROJECT #627- HOPE'S PROMISE

Equipment: Various Items for Orphans & House Parents

This project was completed just a few weeks before Christmas of 2017. As we approach another Christmas season, we want to share with you just how much your generous giving has impacted the lives of children around the world!

ZIMBABWE

Davinia has dived back into reading, which she loves very much!!

Born with severely crossed-eyes, ten-year-old **Davinia's** doctors recommended **correctives eye glasses** in the hope that they could be corrected enough to avoid surgery.

After receiving the eye glasses, her caregiver says, "I thank God that Davinia has been given new eyes."

This is something they could never have been able to afford for her and feel blessed because of this gift.

VIETNAM

Last year, **Trung** obtained an old, borrowed laptop with a non-working keyboard for which he hooked up a separate keyboard in order to prepare for his first semester college exams. His house parents were very impressed by his humility and determination to complete his school work.

After receiving his **new laptop** through MPF, he was speechless: "I'm very thankful to God because I've never thought that He would answer my prayer fast like this! I also feel thankful to the [MPF] sponsors."

Trung: "I will do my best so that the sponsors will not be disappointed."

Bicycles are important to students in rural provinces who use them to go to and from school each day.

Dieu Thein: "I will keep it clean, use it always, and share it with the other children."

In the mountains around Dak Nong where one of the Hope's Promise families live, the roads are dirty and rough and bicycles tend to break down easily.

Dieu Thein often arrives home with his face and clothes dirty from having to fix his bike. He was overjoyed to learn that he along with five other Hope's Promise children were to receive **new bicycles!**

MPF also provided funds for a **motorbike** for three college students to share as they travel back and forth to their classes and part-time jobs. It saves them much travel time and allows them more time for their studies.

Pictured on the bike are Toan & Trung

NEPAL

Sumitra's five active boys!

A washing machine was provided for each of two homes in Nepal. **Sumitra** (pictured below), cares for a family of nine, including her husband, two biological daughters, and five boys brought into their family through Hope's Promise.

A team from Hope's Promise visited the family in April of this year and Sumitra was quick to lead them into a small room where she uses this beautiful new **washing machine**. Expressing her deep gratitude, she said, "I no longer spend hours doing laundry by hand. I am able to spend more time with the boys and maintain my other household activities. *Thank you to everyone at Mission Projects Fellowship!*"

KENYA

With twelve children in each of the two Hope's Promise Kenyan homes, it is often difficult to maintain comfort, beauty, and organization all at the same time.

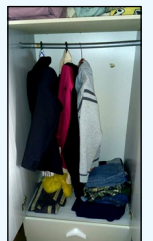

The **two new microwaves** come in handy when the kids have to study late at night and need to heat a cup of tea to keep warm or for making or heating up leftover food.

The old **blankets** and **mattresses** that the children had were worn out and very uncomfortable. With their new bedding, the kids now sleep much better and stay warm throughout the night!

Two new wardrobes also make life easier. Several boys had been storing some of their clothes in a different room or under their beds. They now have a wardrobe where they can store all their things in one place. The girls also received a wardrobe where they now keep all their clothes.

Also funded through MPF was a **deep freezer** which allows families to buy food in bulk, saving them money and time spent going to the store.

* The projects below are dependent on the financial support God's people *

#642 UIM INT'L - AVIATION

UIM-Aviation provides support services to missionaries, native pastors, and organizations who are reaching remote people groups in Mexico with the Gospel. The mechanics often need new equipment to keep their aircraft running smoothly and safely.

This project will provide **various tools and equipment** for aircraft maintenance and their ground facilities.

www.uimaviation.org

Project Cost:
\$9,985

MEXICO & USA

#643 REACH BEYOND

An opportunity has developed for Reach Beyond to partner with a clinic in Central Asia and administer primary health care in surrounding neighborhoods. This clinic is the headquarters for "health caravans" which go into remote, rural villages for health care. Several specialized pieces of **life-saving machines** are urgently needed so that doctors and nurses can be better prepared for emergencies. www.reachbeyond.org

Equipment:

External Defibrillator, AED Training System, Defibrillator and Monitor, Arrhythmia Trainer, and Portable EKG Machine

Project Cost:
\$10,000

CENTRAL ASIA

#644 ONeWAY AFRICA

Namongbain Village Project: OneWay Africa focuses on unreached people groups in Northern Ghana. Among them are the Komba people. To reach them, missionaries will develop relationships by giving them **100 water filtration systems** (\$35 each) and distributing **100 solar-powered BiblePlus+ audio players** (\$50 each). MPF will provide a filtration system and an audio player for each of the 100 families in the village. www.owm.org

Note: Funds for 50 Water Filtration Systems will be raised through our **GoFundMe** page:

<https://www.gofundme.com/clean-water-for-families-in-ghana>

Project Cost: \$8,500
NORTHERN GHANA

#645 INTERNATIONAL COOPERATING MIN.

ICM reaches out to people groups in South Asia where there is little to no Bible curricula available. Most of these people are illiterate. This project is for **550 solar-powered Audio Players**, pre-loaded with established Biblical material called the *Mini Bible College*. This is taught at a level that is easy to understand and in their heart language. They also need **40 USB Flash Drives** with the same Bible material installed. www.icm.org

Project Cost:
\$10,000

SOUTH ASIA

#646 THUNDERZOLL, INC.

After receiving 10 bunkbeds that MPF funded earlier this year, Pastor Enosh and the children at Peace Children's Home were so grateful! We were recently informed that there is a need for more beds because there are still children sleeping on mats on the floor. This project is for **15 metal bunk beds** (\$250 each).

Pastor Enosh also works with over 250 village pastors who go to unreached villages with the Gospel. They are asking for **3 motorcycles** (\$1,500 each) to help them reach more villages. www.thunderzoll.org

Project Cost: \$8,250
INDIA

#647 SAT-7

SAT-7 is a satellite television station broadcasting in the Middle East and North African regions where they produce Christian programs in Arabic, Farsi, and Turkish languages. About 80 percent of the programs are made entirely by Middle Eastern Christians. They are in need of **two Mac-Pro media powered computers** along with **keyboards and memory upgrades** for their TV studio in Egypt. www.sat7usa.org

Project Cost:
\$11,040

CAIRO, EGYPT

2018 COMPLETED PROJECTS
