

Working Among Nomads in Northern Kenya

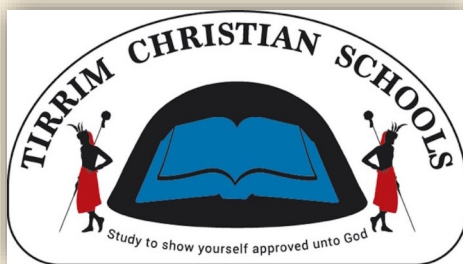

Africa Inland Mission International [Completed Project #725]

This past spring, MPF raised funds for the **Tirim Christian School**, a ministry of Africa Inland Mission in Northern Kenya. We previously provided solar equipment for their office and outdoor lights, and we have been happy to partner with them once again to help furnish this **student computer lab** for their primary and middle school. The lab was dedicated at the end of July and is now **officially open!**

The education that students receive at school will enhance their future employment possibilities and the Christ-like love they are shown and taught by their teachers will reap eternal rewards!

Computers, laptops, and printers were gratefully received by the students and teachers

As you experience the beauty of this season,
may you pause to reflect that the baby born
in the stable came so that we might be
REBORN!

“And this will be a sign for you; you will find a baby wrapped
in cloths and lying in a manger.”

Luke 2:12

Less Time Traveling—More Time for Ministry Work!

Christian Aid Mission [Past Project #717 — Mexico]

Oaxaca State in the remote, mountainous region of southern Mexico is one of the most **ethnically diverse** locations in the world. In just one 36-square-mile area, more than 200 languages and dialects are spoken and nearly half of all indigenous people that live here do not speak Spanish. According to **Christian Aid Mission (CAM)**, it can take between seven to ten years to reach these various ethnic groups with the gospel!

A little over one year ago, MPF completed a project for CAM that enabled their Mexican team to get a sturdy **4-wheel-drive truck** for

tribal ministry. In a recent note thanking our supporters for this gift, they stated that reaching remote locations is much easier now and they are able to dedicate more time to **discipling new believers** and less time traveling! This new vehicle has also been used as an ambulance when a young baby became very ill. What would have been a dangerous two-hour walk to the nearest hospital took only 45 minutes! Did we mention it was during rainy season?

Thank you for your continued support of our ministry and missions around the world. You **ARE** making a difference!

See our current project for this ministry on **Page 3!**

MEET OUR MINISTRY PARTNERS!

MPF is working with several new ministry partners and we would like to introduce one to you...

Visit their website
<https://www.onecollective.org/>
for more information and photos.

Fomerly called International Teams, **One Collective** uses an *Integrated Community Transformation* strategy in their mission, responding to the spiritual and physical needs of people. Their workers around the world strive to make sure that no one is invisible and everyone has access to food, freedom, and forgiveness.

CURRENT OPEN PROJECTS

Each project is dependent on the financial support and prayers of God's people

737 PHILIPPINES **CHRISTIAN AID MISSION** assists indigenous missionaries in some of the most difficult mission fields in the world. They support nearly 300 ministries in eight regions of the world - *New Tribes Mission of the Philippines (NTM)* is one of these ministries. NTM runs a School of Missions for indigenous missionaries. Sadly, transportation to and from school is a challenge for students who live in remote areas and lack public transportation. A ministry vehicle will alleviate this challenge and allow students to travel to outlying villages for ministry outreach as part of their practical training.

PROJECT COST:
\$13,979

739 GHANA The **ONEMAN MINISTRIES** team in Ghana, West Africa, travels the country to share the gospel to unreached people groups, many of whom live in remote areas. Their journeys often take them up to 300 miles away from their headquarters on unpaved roads that are prone to flooding and potholes. Their current truck breaks down frequently and is no longer reliable enough to use in more remote regions. A new pick-up truck will be a blessing for this hard-working team! [Join us in getting a truck for this ministry!](#)

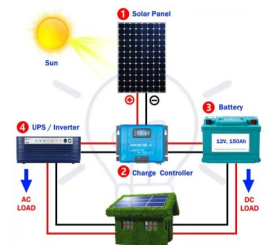

PROJECT COST: \$8,000

Ghana Ministry Team

740 UGANDA **REACHING AFRICA'S UNREACHED (RAU)** trains pastors and church leaders at their 26-acre site less than a mile from the South Sudan border, encouraging churches to be self-propagating, self-governing, and self-supporting. RAU's Ministry House accommodates missionaries and visiting teaching and medical teams. They recently added a living area for a new missionary family, but the solar power previously installed for the house is not adequate for their needs and they are "limping along" with this system. Help us raise funds for a solar power upgrade so they can continue serving the church in Uganda!

PROJECT COST:
\$12,472

741 SOUTHEAST ASIA **INDOPARTNERS AGENCY** ministers in an area that is frequently hostile to Christianity. Through a digital evangelism system called **Guide Online**, they create articles and videos and post them on websites, FaceBook, and other social media outlets. They have 30 national staff responsible for content creation, promotion, and communication with interested contacts. The ministry needs two new laptops for their Guide Online staff so they can continue to share the gospel with millions of people each year!

Equipment Need: Lenovo Ideapad Gaming laptop (\$1,320) and HP 14S laptop (\$510)

PROJECT COST:
\$1,830

742 U.S. & GLOBAL **THE FRIENDS OF ISRAEL GOSPEL MINISTRY (FOI)** is a worldwide evangelical ministry proclaiming biblical truth and bringing physical and spiritual comfort to the Jewish people. FOI recently built a cutting-edge audio/visual studio near their headquarters in the U.S. in which they hope to see a 300 percent increase in production of biblical teaching on prophecy as it relates to Israel. Resources will be distributed to churches, support groups, and individuals through social media throughout the U.S. and around the world. FOI needs Aputure lighting equipment to enhance the production quality of these programs.

PROJECT COST:
\$4,815

GOSPELINK supports national preachers and ministry leaders through church planting, education, orphan care, and medical missions. Their ministry partner in Zambia, *Ambassador International University*, provides students with a four-year accredited residential degree program.

Along with studying God's word, AIU students are taught practical skills to provide support for their families while on the field. On campus, they raise over 1,000 chickens to help feed students and raise funds for daily operations. To keep costs down even further, they would like to make their own feed pellets, employing local farmers to grow the crops. To implement this, they need a **feed pellet machine, feed mixer, and electrical materials**. What a great way to keep costs down, help local farmers, and share the Gospel of Jesus!

PROJECT COST:
\$5,170

Feed Mixer

Having trouble coming up with a unique gift idea?

Perhaps you're not sure what to give a friend or family member this Christmas. What better way to acknowledge that person's value in your life than to give a gift that gives to others?

By giving a gift to MPF in honor of them, you recognize them in a way that makes a difference for eternity!

Why we do what we do at MPF!

Missionaries depend on reliable equipment to accomplish their global outreach goals. At MPF, we help **bridge the gap** for mission organizations who lack adequate resources. We hope you'll consider supporting our ministry and the equipment projects we fund!

Finished Projects in 2023

#718 Live Ear Ministries (vehicle)	#729 Child Evangelism Fellowship (car)
#719 Marine Reach (x-ray scanner & laptop)	#730 ThunderZoll, Inc. (water purification)
#720 Middle East Media (animation equip.)	#731 UIM Int'l: Rock Nest Ranch (mattresses)
#721 Indopartners Agency (laptops)	#732 Ananias House (medical equipment)
#722 Christian Mission for the Deaf (new roof)	#733 SAT-7 (cinema camera)
#723 El Alfarero (food truck)	#734 Int'l Cooperating Ministries (booklets & micro SD cards)
#724 Fields of Abundance (van)	#735 Rishama International (tractor & equip.)
#725 Africa Inland Mission (computers & printers)	#736 Avant Ministries (laptops and computers)
#726 Bold Hope (teleconference system)	#738 Source of Light Ministries (12-passenger van) *
#727 CLC Ministries (generator)	*Thank you for participating in our 2023 Giving Tuesday Fundraiser!!
#728 Living Hope Global (dorm & health center)
